THE course of instruction is carefully graded, beginning with laboratory work and didactic teaching in Chemistry, Anatomy, Physiology and Histology. In these branches the students are provided with chemical apparatus, reagents, subjects for dissection, microscopes and all instruments and material requisite for a thorough knowledge of the various subjects taught. The Seniors are carefully instructed in General and Special Pathology, Diagnostics and Therapeutics, as applied to all forms of disease. Clinical instruction constantly supplements the lectures, material being supplied from the Dispensary attached to the College and from other institutions with which the members of the faculty are connected. Bedside instruction is given in all the Diseases of Children and Obstetrics. Operations in General Surgery and in Gynecology at the Flower Hospital adjoining the College, the Metropolitan Hospital and the Laura Franklin Hospital for children will illustrate fully the methods of practical operative art, while the new Medical Hospital, the Ophthalmic Hospital and the enormous material in the Metropolitan Hospital will provide,...
