

Tacitus the Germania: With Introduction and Notes (Classic Reprint)

Filesize: 5.05 MB

Reviews

*This pdf might be well worth a study, and a lot better than other. It really is simplistic but excitement inside the fifty percent in the book. Its been printed in an exceedingly straightforward way which is just after i finished reading this ebook through which really modified me, modify the way i believe.
(Derick Brekke)*

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Tacitus the Germania: With Introduction and Notes In this country, as well as abroad, pedagogical tradition has long treated the Agricola and the Germania as coordinal elements of the Latin curriculum. This book, the preparation of which has been retarded by pressure of other work, is now offered as the companion of my edition of the Agricola (New York, 1909). In so far as the intrinsic differences between the two treatises permit, the plan of this edition accords with that of its predecessor. The notes, necessarily somewhat more elaborate than the commentary on the Agricola, have been written primarily with an eye to the needs and interests of the learner. In conformity with a suggestion of the editor of the series, parallel citations drawn from works that are presumably known to the young student by name only, if at all, have been translated. In general, originality has been less a desideratum than reliability; however, I have essayed to present my own summary and appraisal of the multifarious data which the last generation of criticism has yielded. No editor of this book of Tacitus can claim the right to a hearing who has not taken strict account of the work of German scholars, who, conscious that for them, in a peculiar sense, the Germania speaks of virum monumenta priorum, have made this field so largely their own and have delved in it con amore. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst...
