Managing Natural Resources: Focus on Land and Water

By Harikesh N. Misra (Ed.)

PHI Learning, 2014. Softcover. Book Condition: New. First edition. Natural resource management and sustainable development has, of late, assumed great importance, especially because of ecological crisis and environmental dangers which are looming large. Today the issues related to natural resource exploitation, consequences, their conservation, preservation and management leading to sustainable development have become the major thrust areas of teaching and research. Also, sustainability of natural resources, especially water and land resources, and their efficient use is one of the core programmes of Government of India's Twelfth Five Year Plan (2012-2017) for strategic development; this objective can only be achieved if the resources are used judiciously. Although land and water resources are the focus of the present book, they are vital for human survival and development, unfortunately both are under threat and are increasing strain worldwide. These resources have wide and significantly varying implications in rural and urban settlements, especially in India, where population has been continuously growing and, therefore, the demand of land and water is intensifying. This has necessitated urgent need for reviewing the availability of land and water resources and their conservation. Besides dealing with the theoretical aspects, this compendium presents case studies on natural resources as well, which reveal ground realities...
